RESOLUTION

New Delhi, the 11th September 1970

S.O. 3004.—The Drug (Prices Control) Order, 1970, was issued by the Central Government on the 16th May 1970, in exercise of the powers conferred by section 3 of the Essential Commodities Act, 1955. Under para 5 of the said Order, selling prices of all bulk drugs, other than essential bulk drugs whose prices have been fixed, have been frozen at the levels prevailing on the 15th May, 1970. It is considered necessary to examine the cost structure of the more important of the remaining bulk drugs for the purpose of fixing fair selling prices therefor. Government had also to issue, at short notice, norms for conversion costs and packaging for the purpose of circulating revised prices of formulations in accordance with the formula prescribed for the purpose. Representations have been received against the norms which require to be considered. These have to be reviewed.
